

Smarter Protection for Today's Car Dealerships

Traditional cameras only record crimes. VISS stops them in real time.

Traditional security guards are expensive and limited by their physical location. VISS provides 360-degree coverage of your entire property simultaneously 24/7 for a fraction of the monthly cost.

Powered by AI and
Live Security Professionals

Proactive Prevention.
Absolute Peace of Mind.

Smarter Security. Real Prevention. Peace of Mind.

Mobile Access: View live feeds & events anytime from your phone.

Live Voice-Down: High-impact "Talk-Down" capability deters criminals and assist authorized personnel.

Secure After Hours Delivery: Remote gate control & ID verification for safe parts drops & vehicle deliveries.

Proactive Asset Protection: Stop parts theft and window smashing before damage occurs.

AI-Enhanced Monitoring: We distinguish genuine threats from false alarms in real-time.

Virtual Guard Patrols: Replace or reduce costly on-site guards with scheduled and random remote patrols of your entire property.

Seamless Integration: VISS integrates with most IP camera systems to quickly upgrade your security.

Liability Protection: Automated reporting and secure cloud storage for every event.

Zero Downtime: Redundant centers ensure your dealership is never left unprotected.

Lower Insurance Premiums: Interactive monitoring often qualifies for major carrier discounts.
